2 U 48 ports angled panel

Features

- Compatible with HUBER+SUHNER category 6 keystone jacks
- 48 jacks in 2U
- Angled "V" shape patch panel
- Ideal for standard and pre-terminated installations
- Increased cabinet utilisation
- Two rows of jacks distributes the patch cords
- Increased cabinet density – no cable managers required
- Uniform cable termination – added flexibility of cable entry
- Supplied with earthing kit and snap on rear management
- Labelling possible

Ordering information

Description	Item no.
Patch panel 2U 48 ports angled type snap-in, incl. earthing kit and cable management bar, black	85066055

1/2 U 24 ports punch down panel category 6

Features

- 24 termination blocks in 1/2 U
- Increased cabinet density – no cable managers required
- Uniform cable termination – added flexibility of cable entry
- Built in rear cable management integral grounding clamp
- Supplied with earthing kit and snap on rear cable manager

Ordering information

Description	Item no.
Category 6 punch down panel shielded, 0.5U 24 ports, incl. earthing kit and cable management bar, silver	85066056

1 U 48 ports punch down panel category 6

Features

- 48 termination blocks in 1U
- Increased cabinet density – no cable managers required
- Uniform cable termination – added flexibility of cable entry
- Built in rear cable management integral grounding clamp
- Supplied with earthing kit and snap on rear cable manager

Ordering information

Description	Item no.
Category 6 punch down panel shielded, 1U 48 ports, incl. earthing kit and cable management bar, silver	85066057

1 U 48 ports punch down panel category 6_A

Features

- 48 termination blocks in 1U
- Increased cabinet density – no cable managers required
- Uniform cable termination – added flexibility of cable entry
- Built in rear cable management integral grounding clamp
- Supplied with earthing kit and snap on rear cable manager
